### **2009 EMERGENCY PUBLIC INFORMATION CALENDAR AVAILABLE ON-LINE**

(Bel Air, MD- December 23, 2008) - - The 2009 Harford County Emergency Public Information Calendar is now available online at [www.harfordpublicsafety.org](http://www.harfordpublicsafety.org). Follow the link to download your copy today. Photographs and important emergency information and instructions have been updated for 2009. This year, however, the calendar will not be printed and widely distributed due to budget constraints.

The calendar provides a variety of hazard-specific information to include emergency instructions, evacuation routes, and important contact information necessary to prepare you and your family for any emergency. It is suggested that you add the link to your favorites list on your computer or print out the calendar and post it on the refrigerator or wherever you can access it quickly.

For more information, contact the Harford County Division of Emergency Operations at 410-638-4900.
